James Moody, who left the local schools to do a stunt for Uncle Sam during the late war, and then returned and completed his school work, has joined Belle Glade's list of business men. This week he took, over the Imperial service station on South Main street, from W. A. Williams who has been the operator for the past six months, errator for the past six months with a bright yellow and red which does not fail to attact public attention.

OF RELIABLE BUSINESS FIRMS

irectory

From where I sit ... by Joe Marsh

a "Gawker"

We had a friendly glass of beer gether and I asks him, "Don't together and I asks him, "Don't you ever get annoyed at the way some people laugh and stare as you go by?" "Shucks no," Harry says. "Only while they're laughin' at me, Pm feelin' a mite sorry for them. Imagine—folks so ungrownup they can't see I'm seally just the same as they are underneath."

From where I sit, Harry's a lot-more "civilized" than the people who make fun of him. He's con-tented, lives the way be believes is read to be the site of the site of the rain what's more, he's tolerant of others whose tastes in living are different from his.

Maybe we all don't look the same, or act the same, or eat or drink the same, but in a free country, why should we?
